

GSA 130 - Motorized Guillotine Vertical Sliding System

ENGINEERING 2D CAD PROFILE

8 mm - 10 mm Tempered / 20 mm IGU Double Glass

High-Density Brush & Acoustic Felt Seals

Automated Selectable Weather Gaskets

- Surface Coating: Qualicoat Certified Electrostatic Powder Coating (60-80 microns) / Qualanod Anodizing (15-20 microns). Class 7A (EN 12208 / 300 Pa)

Class C3 (EN 12210 / 1200 Pa)

Rw = 32 - 37 dB

220 kg Automated Belt Drive Motor System

MECHANICAL & ARCHITECTURAL SPECIFICATION MATRIX
Base Aluminum Alloy
Frame Architectural Depth
Sash / Vent Profile Depth
Glazing Thickness Capacity
Thermal Barrier Insulation
Air Permeability (EN 12207)
Water Tightness (EN 12208)
Wind Load Resistance (EN 12210)
Acoustic Sound Reduction
Maximum Sash Weight Capacity

FABRICATION STANDARDS & QUALITY COMPLIANCE
